SUBJECT	PAPER	TOPIC	SUB-TOPIC	MODULE	No.OF CLASS	SEC	MODULE NAME	MODULAR PLAN	LEARNING OUTCOME
PSYA	Paper-1	Attention	Perceptual processes: determinants of attention, shift, fluctuation, oscillation & distraction.	Module: 1.1	6	B.A/B.Sc	Introduction to Psychology	Defintion of attention,derminants ,diffrence bwt attention, shift, fluctuation,concepts of Distraction	It refers to how we actively process specific information present in our environment.
PSYA	Paper-1	Levels of Measurements		Module: 1.1	6	B.A/B.Sc	Introduction to Psychology	Need for quantification in Psychology, levels of measurement- nominal, ordinal, interval & ratio.	It describes the nature of information within the numbers assigned to variables.
PSYA	Paper-1	Psychophysics	Methods,Weber-Fechner Law	Module: 1.2	10	B.A/B.Sc	Basic Psychological Processes	Psychophysics- concepts of sensory thresholds; classical methods: i) Constant method, ii) Gradation method ii) method of Average error.	A study of quantitative relationship between the physical stimulus & the resulting psychological sensation.
PSYA	Paper-IIA	Neuron		Module: 1.3	6	B.A/B.Sc	Basic Psychological Processes	Synapse & Neurotransmitters	Neurotransmitters transmit signals across a chemical synapse, such as in a neuromuscular junction, from one neuron to another target neuron.
PSYA	Paper-IIA	Emotional behavior:		Module: 1.3	4	B.A/B.Sc	Biological basis of Behaviour	Emotional behavior: physiological correlates of emotion.	Physiological correlates are aspects of physiology that accompany and therefore correlated with psychological or physical

PSYA	Paper-IIB	On Attention		Module: 1.4	3months	B.A/B.Sc	PRACTICAL	Experimental determination of the rate of fluctuation of attention as a function of intensity.	A work that is applied to the changing of sensory clarity even though the stimulation stays a constant.
PSYA	Paper-III	Normal probability curve	Normal probability curve: Properties & applications; Concept of Skewness & Kurtosis.	Module: 2.1	10	B.A/B.Sc	Psychometry	Concepts Normal probability curve: Properties & applications of N.P.C, sums related to N.P.C; Concept of Skewness & Kurtosis and sums	It helps to work out theoretically using the Gaussian equation by transforming raw scores into standard scores, calculating percentile rank etc.
PSYA	Paper-III	Parametric & Non-parametric statistics.		Module: 2.1	4	B.A/B.Sc	Psychometry	Concept of Parametric & Non-parametric statistics.	These tests are commonly employed in behavioral researches.
PSYA	Paper-III	Research problem & hypothesis:	Characteristics of problems, definitions, sources & criteria of good hypothesis, hypothesis & theory.	Module:2.2	6	B.A/B.Sc	Methodology	Research problem & hypothesis: Characteristics of problems, definitions, sources & criteria of good hypothesis, hypothesis & theory.	Research questions that initiate scientific enquiries. A testable statement of the relationship between variables advanced as a tentative solution to a problem.
PSYA	Paper-IV A	Concepts of development	genetic & environmental factors	Module: 2.3	7	B.A/B.Sc	Development & Educational Psychology	Concept & definition of development, role of genetic & environmental factors in development.	Genetic and Environmental factors influences on Human Development.

PSYA	Paper-IV B	Speech Development	Stages,hazards	Module: 2.3	4	B.A/B.Sc	Development & Educational Psychology	Speech development in each stage of life span.	While every child learns to speak at his or her own pace, general milestones can serve as a guide to normal speech and language development
PSYA	Paper-IV B	Psychophysics		Module: 2.4	4months	B.A/B.Sc	PRACTICAL	Determination of the two point tactual thresholds by Gradation & Constant methods.	The point at which the observer is able to detect a physical stimulus 50 per cent of the time.
PSYA	Paper-V	Attitude	Formation,change,the ories,measurement	Module: 3.1	5	B.A/B.Sc	Social Psychology	Formation & theories of attitude.	An attitude is "a relatively enduring organization of beliefs, feelings, and behavioral ...
PSYA	Paper-V	Stress	Stress Management ,Stress disorder,Health Promoting n Damaging lifestyles	Module: 3.2	6	B.A/B.Sc	Health & Counselling Psychology	Stress & health: nature, types, causes & consequences of stress.	Stress is the feeling we have when under pressure, while stressors are the things we respond to in our environment.
PSYA	Paper-VI	Problem Solving		Module: 3.3	2month	B.A/B.Sc	PRACTICAL	To determine the effect of group influence on problem solving.	Problem solving consists of using generic or ad hoc methods, in an orderly manner, for finding solutions to problems.
PSYA	Paper- VII	Working conditions		Module: 3.5	4	B.A/B.Sc	Industrial Psychology and Organizational Behaviour	Working conditions- a) Physical, b) Temporal, c) Psychological condition at work. Accident prevention.	The conditions in which an individual or staff works, including but not limited to such things as amenities, physical environment, stress and noise levels, degree of s afety or danger, and the like.

PSYA	Paper-VII	Phobia	Types,symptoms ,etiology	Module: 3.6	3	B.A/B.Sc	Psychopathology	Signs, symptoms & etiology of Phobia.	a persistent, irrational fear of a specific object, activity, or situation that leads to a compelling desire to avoid it.
PSYA	Paper-VIII	intelligence		Module: 3.7	4	B.A/B.Sc	PRACTICAL	Measuring intelligence by ii) Koh's Block Design Test & ii) Cube construction Test.	Various measures of intelligence including short-term memory, analytical thinking, mathematical ability and
PSYA	Paper-VIII	Anxiety		Module: 3.8	3	B.A/B.Sc	PRACTICAL	Determination of levels of anxiety using any suitable test (Indian adaptation).	an introspective psychological inventory consisting of 40 self-report items pertaining to anxiety affect.

SUJATA SAHA

PSYCHOLOGY PART I	Paper-1	Measures of central tendency & dispersion.		Module: 1.1	15	B.A/ B.Sc	Introduction to Psychology	Concept, types, uses & computational techniques of the measures of central tendency & dispersion.	It describes a set of data by identifying the central position within that set of data.
	Paper-1	Motivation		Module: 1.2	8	B.A/ B.Sc	Basic Psychological Processes	Motivation: Definition; Types- Biological & Social; Theories- Concept of Drive, Incentive.	It represents the reasons for people's actions, desires, and needs.
	Paper-1	Intelligence	Definition, Nature, Classification; Theories- Spearman, Thurstone,	Module: 1.2	10	B.A/ B.Sc	Basic Psychological Processes	It can be more generally described as the ability to perceive information, and retain it as knowledge to be applied towards adaptive behaviors within an environment.	It has been defined in terms of capacity for logic, abstract thought, understanding, self-awareness, communication, learning, emotional knowledge, memory, planning, creativity and problem solving.
	Paper-IIA	Central nervous system: Spinal Cord.		Module: 1.3	10	B.A/ B.Sc	Biological basis of Behaviour	CNS :Structure and Function Spinal Cord : Structure and Function	Is the part of the nervous system consisting of the brain and spinal cord.
	Paper-IIB	ON Time Perception		Module: 1.4	3 month	B.A/ B.Sc	PRACTICAL	Experimental determination of the effect of modality change in temporal perception.	It refers to the subjective experience of time, which is measured by someone's own perception of the duration of the indefinite and continuous unfolding of events.

SUBJECT	PAPER	TOPIC	SUB-TOPIC	MODULE	No.OF CLASS	SEC	MODULE NAME	MODULAR PLAN	LEARNING OUTCOME
PSYCHOLOGY PART II	Paper-III	t-test	6 types of sums	Module: 2.1	8	B.A/ B.Sc	Psychometry	Experimental hypothesis-null hypothesis & its	Is simply a prediction that your experimental manipulation will have some effect or that
	Paper-III	Interest	Definition, Nature, Classification; meas	Module: 2.2	4	B.A/ B.Sc	Methodology	Concept & assessment of Interest.	The feeling of wanting to know or learn about something or someone.
	Paper-IV A	Physical development	Stages, Hazards	Module: 2.3	8	B.A/ B.Sc	Development & Educational Psychology	Physical development in each stage of life span.	Human development is a lifelong process of physical, behavioral, cognitive, and emotional growth and change.
	Paper-IV A	Cognitive development		Module: 2.3	10	B.A/ B.Sc	Development & Educational Psychology	Cognitive development in each stage of life span.	Cognitive development is the emergence of the ability to think and understand.

SUBJECT	PAPER	TOPIC	SUB-TOPIC	MODULE	No.OF CLASS	SEC	MODULE NAME	MODULAR PLAN	LEARNING OUTCOME
PSYCHOLOGY PART III	Paper-V	Group Psychology		Module: 3.1	6	B.A/ B.Sc	Social Psychology	Group psychology: Definition & classification of group; group structure & function.	Psychologists study groups because nearly all human activities—working, learning, worshiping, relaxing, playing, and even sleeping—occur in groups.
	Paper-V	Frustration		Module: 3.2	4	B.A/ B.Sc	Health & Counselling Psychology	Definition, sources, causes, frustration - aggression hypothesis, consequences	Frustration can be defined as a feeling of dissatisfaction that stems from an individual's inability to achieve a goal. On the other hand, a conflict can be defined as a condition where the individual faces difficulty in arriving at a decision due to two or more different interests.
	Paper-V	conflict		Module: 3.2	6	B.A/ B.Sc	Health & Counselling Psychology	Counseling: meaning, purpose & steps.	The process that occurs when a client and counselor set aside time in order to explore difficulties which may include the stressful or emotional feelings of the client.
	Paper-VI	Ethnic Prejudice		Module: 3.3	2month	B.A/ B.Sc	PRACTICAL	Determination of ethnic prejudice by a suitable method.	Preconceived opinion that is not based on reason or actual experience.
	Paper-VI	Complex Reaction Time		Module: 3.4	3month	B.A/ B.Sc	PRACTICAL	Determination of complex reaction time: a) discriminative & b) choice reaction time.	It is the duration of the interval between presentation of a stimulus (e.g., a word on a computer monitor) and the participant's response to the stimulus.

SUBJECT	PAPER	TOPIC	SUB-TOPIC	MODULE	No.OF CLASS	SEC	MODULE NAME	MODULAR PLAN	LEARNING OUTCOME
PSYCHOLOGY PART III	Paper-VII	Industrial Psychology : Introduction	Introduction,Pre-Independence era,Post Independence era,History,Outcome.	Module: 3.5	5	B.A/ B.Sc	Industrial Psychology and Organizational Behaviour	Introduction. Concept of industrial psychology & organizational behavior.	Is the scientific study of human behavior in the workplace and applies psychological theories and principles to organizations and individuals in their workplace.
	Paper-VII	Somatoform Disorder	Definition ,types,symptoms,etiology,	Module: 3.6	6	B.A/ B.Sc	Psychopathology	Signs, symptoms & etiology of Somatization.	The manifestation of psychological distress by the presentation of bodily symptoms.
	Paper-VIII	Guildford-Zimmerman Interest Inventory.		Module: 3.7	4		PRACTICAL	Determination of interest by a standardized interest inventory- Guildford-Zimmerman Interest Inventory.	The feeling of wanting to know or learn about something or someone.
	Paper-VIII	Differential Aptitude Test:		Module: 3.7	6		PRACTICAL	Aptitude by Differential Aptitude Test: i) Numerical Ability & ii) Verbal Reasoning.	An aptitude is a component of a competency to do a certain kind of work at a certain level, which can also be considered "talent". Aptitudes may be physical or mental. Aptitude is developed knowledge, understanding, learned or acquired abilities (skills) or attitude.
	Paper-VIII	Personality Testing		Module: 3.8	4		PRACTICAL	Personality Testing-Eysenck Personality	A questionnaire or other standardized instrument

DEBASHREE SINHA

SUBJECT	PAPER	TOPIC	SUB-TOPIC	MODULE	No.OF CLASS	SEC	MODULE NAME	MODULAR PLAN	LEARNING OUTCOME
PSYA	Paper-1	Sensation	Types and Attributes	Module: 1.1		B.A/B. Sc	Introduction to Psychology	Perceptual processes: Sensation & perception; Attributes of sensation.	The process by which our senses gather information & send it to the brain.
PSYA	Paper-1	Time Perception		Module: 1.1		B.A/B. Sc	Introduction to Psychology	Time Perception	Refers to subjective experience of time measured by someone's own perception of duration of indefinite & continuous unfolding of events.
PSYA	Paper-1	Variables	Classification, controlling	Module: 1.1		B.A/B. Sc	Introduction to Psychology	Variables & their classification, major steps in psychological	It provides the researcher with important steps needed for conducting a scientific research.
PSYA	Paper-1	Learning	Theories, factors, transfer of training, programme learning.	Module: 1.2		B.A/B. Sc	Basic Psychological Processes	Learning processes: nature & factors of learning; theories: trial & error, Conditioning-classical & operant; insight;	Is the act of acquiring new, or modifying and reinforcing, existing knowledge, behaviors, skills, values, or preferences and may involve synthesizing different types of information.
PSYA	Paper-1	Emotion	Nature, Theories	Module: 1.2		B.A/B. Sc	Basic Psychological Processes	Schachter-Singer & Cognitive appraisal theories of emotion.	This essay will look at the many psychological/ biological theories and ideologies involved in the concept of emotion.
PSYA	Paper-IIB	Time Perception		Module: 1.4		B.A/B. Sc	PRACTICAL	Experimental determination of the errors in temporal perception- filled & unfilled.	Experience or awareness of the passage of time.
PSYA	Paper-III	The Chi Square statistic	Sums	Module: 2.1		B.A/B. Sc	Psychometry	Computation & use of Chi square test.	The Chi Square statistic is commonly used for testing relationships on categorical variables.

PSYA	Paper-III	Reliability & Validity	Concepts, Classification, sums	Module: 2.2		B.A/B. Sc	Methodology	Concept of Reliability & Validity.	The principles of validity and reliability are fundamental cornerstones of the scientific method.
PSYA	Paper-IV A	Prenatal development.		Module: 2.3		B.A/B. Sc	Development & Educational Psychology	Prenatal development.	Prenatal or antenatal development is the process in which a human embryo or fetus (or fetus) gestates during pregnancy, from
PSYA	Paper-IV B	Memory		Module: 2.4		B.A/B. Sc	PRACTICAL	Determination of the effect of whole vs. part	Learning technique in which the task to be learned is broken
PSYA	Paper-V	Stress		Module: 3.2		B.A/B. Sc	Health & Counselling Psychology	Health promoting & health damaging lifestyles.	Health is the level of functional or metabolic efficiency of a living organism. In humans it is the ability of individuals or
PSYA	Paper-VI	Group cohesiveness		Module: 3.3		B.A/B. Sc	PRACTICAL	To determine the cohesiveness of a small group by sociometric method.	A bond that pulls people toward membership in a particular group and resists separation from that group. In addition, group cohesion generally has three characteristics.
PSYA	Paper-VI	Simple Reaction Time		Module: 3.4		B.A/B. Sc	PRACTICAL	Determination of the effect of set on simple reaction time by variation of instruction & fore period.	It is the duration of the interval between presentation of a stimulus (e.g., a word on a computer monitor) and the participant's response to the stimulus.
PSYA	Paper-VII	Job Analysis		Module: 3.5		B.A/B. Sc	Industrial Psychology and Organizational Behaviour	Personnel selection-basis & methods of selection; Job Analysis-methods, measurement & uses.	This methodical process used to hire (or, less commonly, promote) individuals.

PSYA	Paper-VII	Generalized anxiety disorder.		Module: 3.6		B.A/B.Sc	Psychopathology	Signs, symptoms & etiology of Generalized anxiety disorder.	characterized by excessive, uncontrollable and often irrational worry, that is, apprehensive expectation about events or activities.
PSYA	Paper-VIII	work & fatigue	of varying- a). rhythm, b). rest pause & c). load.	Module: 3.8		B.A/B.Sc	PRACTICAL	Ergographic determination of nature & amount of work & fatigue & the conditions	An ergograph is used to record the physical exertion of muscles.

PSYA	Paper-1	perception	Perception of movement and time	Module: 1.1	7	B.A/ B.Sc	Introduction to Psychology	Form, space & movement perception.	Process through which organisms become aware of the relative form, positions, speed & direction of elements within a certain environment.
PSYA	Paper-IIB	On Attention		Module: 1.4	3month	B.A/ B.Sc	PRACTICAL	Experimental determination of the rate of fluctuation of attention as a function of distraction.	Is the divided attention of an individual or group from the chosen object of attention onto the source of distraction.
PSYA	Paper-III	Assessment of Aptitude.	Concept and assessment of Intelligence, Interest and Personality.	Module: 2.2	3	B.A/ B.Sc	Methodology	Concept & assessment of Aptitude.	An aptitude is a component of a competency to do a certain kind of work at a certain level, which can also be considered "talent". Aptitudes may be physical or mental.
PSYA	Paper-IV A	Emotional development	Physical, speech, cognitive, moral ,social and personality development in	Module: 2.3	3	B.A/ B.Sc	Development & Educational Psychology	Emotional development in each stage of life span.	Is the emergence of a child's experience, expression, understanding, and regulation of emotions from birth through late adolescence.
PSYA	Paper-IV B	On Psychophysics		Module: 2.4	2month	B.A/ B.Sc	PRACTICAL	Determination of DL using kinaesthetic sense modality using appropriate psychophysical methods (Constant & Gradation) & verification of Weber's law.	In experimental psychology focused on a just-noticeable difference or JND is the amount something must be changed in order for a difference to be noticeable, detectable at least half the time.

PSYA	Paper-V	Self	Self knowledge,self-Regulation	Module: 3.1	4	B.A/ B.Sc	Social Psychology	Self: Self knowledge-Origin & aspects; Self-Regulation; social comparison theory; Culture & Self.	A term used in psychology to describe the information that an individual draws upon when finding an answer to the question "What am I like?".
PSYA	Paper-V	Adjustment	– mental health, mental hygiene, criteria and factors of adjustment, frustration and conflict.	Module: 3.2	7	B.A/ B.Sc	Health & Counselling Psychology	Concept of adjustment-mental health, mental hygiene, criteria & factors of adjustment.	In psychology, the behavioral process by which humans and other animals maintain an equilibrium among their various needs or between their needs and the obstacles of their environments.
PSYA	Paper-VI	On Attitude		Module: 3.4	3month	B.A/ B.Sc	PRACTICAL	Construction of an attitude questionnaire to determine attitude towards a social issue by Likert's Scale.	Used mainly in training course evaluations and market surveys,
PSYA	Paper-VII	Human Resource Development & Training	Training	Module: 3.5	4	B.A/ B.Sc	Industrial Psychology and Organizational Behaviour	Human Resource Development & Training.	Is a function of human resource management concerned with organizational activity aimed at bettering the performance of individuals and groups in organizational settings.
PSYA	Paper-VII	Mental disorders	Neurotic, Psychotic, Psycho-physiological disorders.	Module: 3.6	2	B.A/ B.Sc	Psychopathology	Current classification of mental disorders (According to APA)- Concept of neurotic, Psychotic, Psycho-physiological disorders.	Mental or behavioral pattern that causes either suffering or a poor ability to function in ordinary life. Many disorders are described. Conditions that are excluded include social norms. Signs and symptoms depend on the specific disorder.
