**SPARSHA: The Touch We Need In Need**

Sucharit Chatterjee

Novel Coronavirus or covid-19 continues to spread rapidly throughout the country, yet no vaccination has been developed yet, in such circumstances one of the most effective ways of preventing the spread is to wash hands at regular intervals with hand sanitizers, however the sudden massive demand of sanitizers has led to a drastic decrease availability of the same in medical stores, coupled with heavy rise in prices and the habit of hoarding products has deprived a large number of people of the most important prevention against the rapidly spreading threat. Responding to the needs of the hour the Chemistry department of Surendranath College, Southah has responded to the situation by creating alcohol based sanitizers according to the guidelines of WHO (World Health Organization). According to Mr. Harisankar Biswas, the head of Chemistry Department, the unavailability of sanitizer in the local areas of the college led him to take initiative to create sanitizers following WHO guidelines themselves. While some of the ingredients were already present in the college laboratory itself one of the important component Hydrogen peroxide was quite difficult to find, informed Mr. Harisankar. Three dozen of 100 millilitre bottles have been already prepared and they are to be distributed amongst the locals for free, informed College Principal, Mr. Manindar Kar. More of them are planned to be prepared, however the availability of components and financial capabilities have to be taken into account too.

**Banner off money donation**

right now throughout West Bengal but indeed the bravious and kind hearts of Surendranath college have stood beside people since ages during the emergency hours. I feel proud to claim me as a part of this golden institution.

**SARKAR**

"COVID-19" crisis has hit the people of the world, especially domestic life of the poor is being hit very hard, in our country the crisis has been more difficult for the disadvantaged classes. In this situation, the students and teachers of Surendranath College have contributed the grains and other food to the relief fund. In close association with respectparliament member Sri Baban Banejee and MLA Smt. Noyama Banopadhyay, Surendranath college further took a small initiative of donating grains and other food supplement in the name of the time of need from the college premises. Ex students and contribution much to the cause of need and also provided further social services to the call of the Chief Minister. This may not be a very big contribution to the grave situation we are facing from the college.
Students are Urging for better management

Kolkata: College students were facing problems regarding admissions. There was a huge clamor from the officials to provide relief in the process. The gate opened till the college was full. The BA, B.Com, B.Sc. and law college students were given the same date for admissions and there were only four countries open for the procedure, for more than 2000 students. As per student opinion it would have been more easier if the college would not have been separate for each stream. The queue was not maintained properly, students who arrived first got advantage of those which made a chaos. Later on the chaos was controlled by the volunteers of the SNC Union. According to the prevailing rules the lines were maintained but the proceedings of the admission were very slow. In fact because of the low proceedings the dates were extended without any prior notice.

Establishment of Hasimabur by SNC Student

Kolkata: Hasimabur, non-governing college was founded by Mamata Banerjee, a student of Surendranath Group Of College. Non-governing college of Hasimabur started on 17th December 2017. The aim of the NGO is to provide help to the poor students with all types of needs of clothes, food and sanitary items and to bring smile on their faces. Debashish Banerjee, President, SNC stated that Mamata Banerjee, Ashish Shaw, Rituparna Dey, Rijiju Chakrabarty and many more students have demonstrated to the people that how a non-governing college can also be a problem solver. The NGO has been accounting for a huge amount of students who are in need of help. The NGO is continuously providing help to the poor students who are in need of help.

Vigilance Awareness Week Organised by SNGC

Kolkata: As usual this year the SNGC organised a vigialance awareness week on 31 October at chemistry gallery. The work from 28th October to 2nd November is organised as vigilance awareness week every year. The subject of the year was Confession-A Lifestyle. Our honourable principal Sir Jatindra Kar paid his speech, “All work should be done honestly.” There was a speech contest among students, where they presented their views from different streams coupled with each other. The participants were made to kick classes where the topics were written as 15 minutes to present their speech on the topic. A pen and book was provided to each participant. Participants were given 2 minutes each to speak on the topic. Even though some people failed and tasted everyone’s heart, but the best people spoken was awarded. The competition was conducted easily and in a proper manner. The President of SNC’s students covering up whole the campus with photographs. At the end of the seminar the organizing group provided with tiffin to everyone present there.

The worldwide outbreak of coronavirus had led to the death of more than 1,000 people and in a bid to contain its spread, sporting events around the world are being moved or cancelled. It has decimated the sporting schedule and affected some of 2020’s biggest sporting events. There are also questions about taking place later this year, including the 2020 Olympic, Euro 2020 and IPL 13.

The Tokyo Olympics have been postponed until the summer of 2021 due to the coronavirus pandemic; Japan’s Prime Minister Shinzo Abe has announced. Social distancing restrictions imposed by national governments across the globe have had a huge impact on athlete’s ability to prepare and train for the Games, and they had been coming out of the IOC to end the uncertainty and postpone.

The International Cricket Council (ICC) postponed all AFC Cup 2020 matches until further notice, the AFC said in a statement. WBF has suspended all tournaments until April 12. The events that are cancelled include the Swiss Open, Indian Open, Orleans Open, Malaysian Open and Singapore Open, apart from a number of Grade 3 events. These delays are crucial as ranking points earned until April 26 will determine who makes the cut for the Tokyo Olympics.

The BCCI has also postponed all domestic tournaments until further notice, the board said in a statement. The BCCI has faced increasing pressure from players to reschedule the domestic tournaments in the wake of the coronavirus pandemic.

The BCCI’s decision comes after the Indian Premier League (IPL) was also postponed until further notice. The IPL was due to start on March 29, but the BCCI has decided to postpone the tournament until April 15.

The cricket council has also taken a decision to allow foreign players to play in the domestic tournaments.

The BCCI has also announced that the remaining two ODIs between India and Australia will be called off.

The Indian Premier League, being a massive revenue-generating stream, could land heavily blows on the BCCI’s financial plans for the year ahead. According to new figures that have emerged in a report, the BCCI could face losses amounting to $1.5 million due to the cancellations. These losses would come in form of the broadcast and digital revenues that the BCCI was supposed to earn from sponsors.

Many sportspersons had already been tested positive of COVID-19 like American footballer Peyton Cassel, Italian soccer player Daniele Rugani and second NBA player to test positive for the coronavirus. Kote Tashima, Japan Olympic Committee deputy chief, tested positive on March 17.
