

IMPORTANT ANNOUNCEMENT

Admission process to 1st year B.A., B.Sc. and B.Com. courses of Surendranath College started on Aug 10, 2020 in accordance with the directives of University of Calcutta. Online application closed on Aug 23, 2020 and the merit list was published on Aug 27, 2020. However, it was observed that many students applied more than once for the same subjects. Since they have same name and same merit marks their names appeared in tandem in the merit list. This has created confusion among the students and guardians.

We assure everybody that Surendranath College can handle the situation and this is not going to have any impact in the merit-based admission process of the college. This happened primarily due to the fact that Govt. of West Bengal waived the application fees this year and hence students applied more than once in the same subject of the same college without any financial impact. Since the merit list is prepared solely by software college per say had little control in it.

The dates of publications of admission list has already been posted in the admission portal and at that time these repetitions will be taken care of and merit position will remain the sole criteria for admission. We apologize for the inconvenience thus caused but we firmly assure that this will have no impact in the admission process of Surendranath College.

ADMISSION WILL BE STRICTLY TRANSPARENT AND MERIT BASED
